

Indian Academy of Medical Sciences, C-II/16, Ansari Nagar, New Delhi-16
Notice—Membership Examination

The Indian Academy of Medical Sciences conducts postgraduate Examinations in different disciplines of medical sciences on an All India basis with a view to admit candidates to the *Membership of the Academy*. This examination is of a high standard with special emphasis on scholarly attainments in research, teaching experience or clinical work of high quality. Thus the Membership of the Academy is the hallmark of proficiency and experience.

A registered medical graduate of an Indian University, or equivalent qualification included in the First Schedule of the Indian Medical Council Act is eligible. He/she must have undergone a recognised course of training for not less than two years for part-I and four years for Part-II (including one year's housemanship or its equivalent).

The examination is held twice a year in January and July. The next examination will be held on Monday, 3rd July, 1972.

Full particulars about the examinations and application forms can be obtained from the Executive Director, Indian Academy of Medical Sciences, C-II/16, Medical Institute Campus, Ansari Nagar, New Delhi-16 on payment of Rs. 3/- by postal order or money order.
